### Our Cafeteria Plan Saves Money

Take advantage of our Section 125 Cafeteria Plan! This plan will allow employees to save money by paying for their eligible medical benefits with pre-tax dollars, so the amount you pay for Social Security Income taxes and Federal Income taxes may be reduced.

Insurance benefits are available to all full time employees the first of the month following 60 days of employment with Landrum Professional. A full time employee is one that works 30 or more hours per week consistently. (Ex. An employee hired on March 10, would be eligible June 1<sup>st</sup>; an employee hired on March 1, would be eligible May 1.) Temporary, substitute or seasonal employees are not considered full-time employees, even if their hours exceed 30 hours per week for a portion of a work year. Employees whose worksite employer changes his/her status from part time, seasonal, temporary, or substitute to a regular full time employee, must notify Landrum Professional within 60 days of the status change to be eligible for insurance the first of the month following 60 days of full time regular employment. When notice is given after 60 days, employees will be eligible for insurance during the next open enrollment following 60 days of full time regular employment.

Insurance deductions begin the month prior to the effective date of coverage, except for some supplemental plans.

These pages represent a summary of the benefits provided by each plan, and are not intended to constitute a complete description of each plan. Refer to the Plan Description and policy terms for the benefits provided and for the exclusions and limitations of each plan.
